1. On January 11, 1954, 11 doctors and 40 nurses left from Debrecen by air for North Korea.
2. On January 29, 1954, 7 surgeons and 14 assistants left from Debrecen by air for North Korea. A second plane, leaving at the same time, carried equipment for two operating rooms.
3. On May 5, 1954, 18 doctors and 54 assistants and nurses left for the Far East. Further, six planes carried medical supplies, mostly penicillin, ultraseptyl, iodine, bandages, lint, narcogen, etc.

Comment: Hitherto personnel who had to sign up for one year, had been told that it was for service in Korea. In this case, only the Far East has been mentioned. It is therefore assumed that this group left for Viet-Minh.
